

Shotgun Cleaning Kit - \$39.95

Cleaning Kit includes:

- 1 - 3/8" x 36" Cleaning Rod
- 1 - Chamber Bushing
- 1 - Bore Jag
- 1 - Choke Tube Arbor
- 1 - 5" Wooden Handle

****DO NOT run without a choke tube in place!!!**

(5" Wooden Handle)

(Chamber Bushing)

(Bore Jag)

(Choke Tube Arbor)

To clean your barrel: This cleaning kit is designed to be used with a 3/8" drill. Using the bushing as an alignment guide for the chamber, you can power brush wadding and lead from the barrel with your favorite cleaning solution. The wooden handle is used to push bore patches through the barrel with the rod and bore jag.

To clean your choke tube: Screw the "Brute" brass brush onto the choke tube arbor.

Replacement Brushes
\$12.00 Each

("Brute" Bore Brass Brushes sold separately)

Brute Brass Brushes easily scrubs out lead and plastic-wad buildup in your barrel and choke tubes. We have found "Brute" brass brushes to have the most stiff bristled that we've located in the industry, as well as being the longest brass bristled brushes. Its cleaning power is unbeatable.
